## 2018 FGFOA Annual Conference App

**Stay up-to-date with all things conference!**

This year's annual conference is coming up quickly and the mobile app is back and better than ever! The conference app is a feature to simplify and organize your conference experience.

The app will have everything you need at your fingertip, including:

- Access the schedule, speakers, exhibitors and other essential event information
- Customize your schedule by day, track, topic and speaker
- Never miss a session or event by setting personal reminder alerts
- Stay informed with the latest event updates through the app's push notifications
- Locate any provided presentations and handouts under each session/speaker; no more redirecting to the website
- Take personal notes and access them at any time, including exporting them directly from the app to e-mail, print, text message and more
- Set sessions and events to your "favorites" for easy access
- Explore venue and local area maps
- Enjoy instant content updates
- Examine an interactive map for the conference floor plan and the exhibit hall
- Leave feedback: It has never been easier with a newly added in-app rating feature; within seconds, leave a star rating and a detailed review on conference sessions and speakers
- Complete the overall conference survey directly on the app under "About & Feedback"
- Post photos, messages, likes and comments on our private activity stream (this information will be streaming live near the registration desk)
- View recent tweets with the Twitter feature (don't forget to use the conference hashtag #FGFOA2018)

## Step 1: Download the App (click on the icons below to be redirected to each site)

- Search for “Attendify App” in the Apple App Store or Google Play

Or, visit the [conference landing page](#)

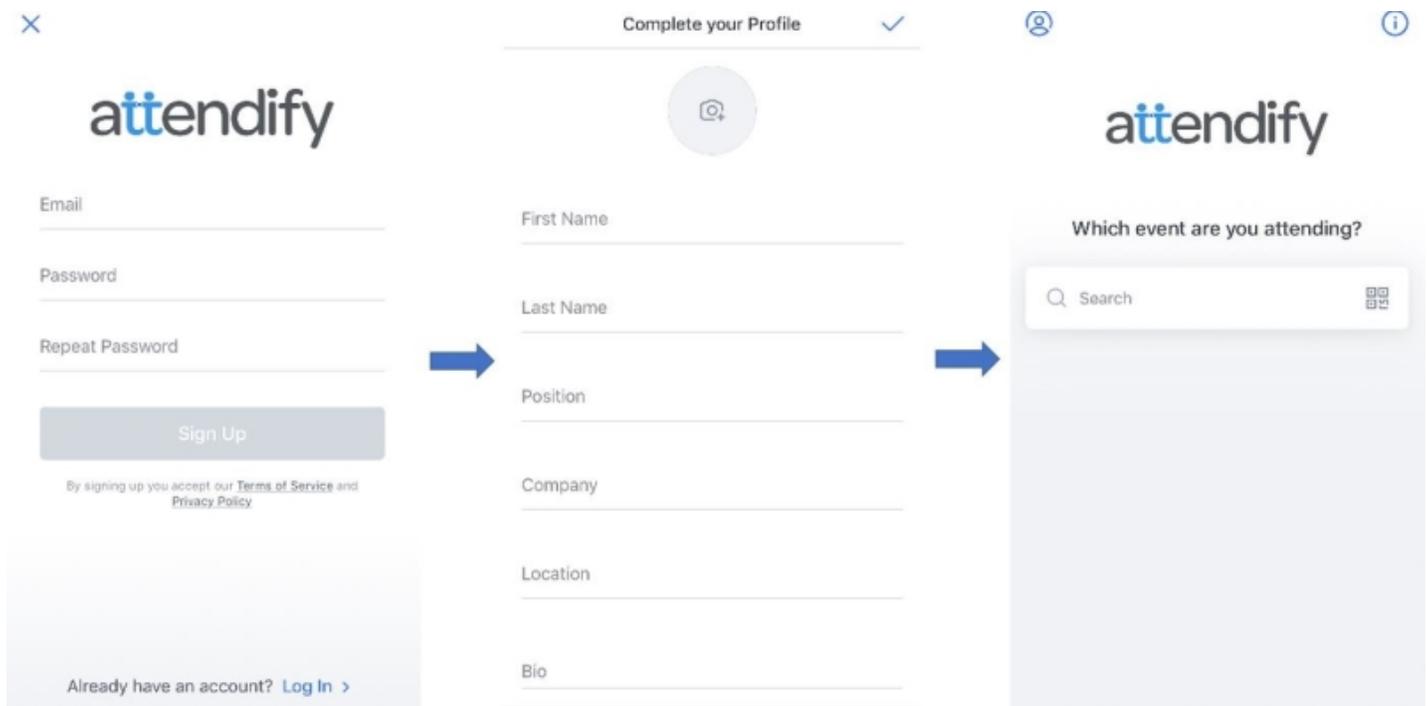

Don't have an iPhone or Android? Not a problem. Access the mobile web version of the app below.

**Please note:** The rating feature isn't supported in the mobile web version. If you aren't using the app and want to leave session/speaker feedback, you will need to visit our website [HERE](#).

## Step 2: Sign Up, Create Your Profile, Join Event and Access Interactive Features

Follow these simple steps below:

1. Once in the app, enter your email, choose a password and click “sign up”
2. Add your profile information, and tap the check mark in the top right corner to save
3. Search “2018 FGFOA Annual Conference,” select the event and choose to join

**Please note:** You then will be sent an email to confirm your email address for your account.

Having a profile, you can:

- Send private messages to other user profiles
- Share photos, post messages, comment and like other users' posts
- Rate speakers and sessions (we need your feedback!)
- Cross-post to other social networks (Twitter, LinkedIn and Facebook)
- Take notes and access them later
- Bookmark sessions, speakers, exhibitors and attendees
- Set scheduled reminders for sessions, and create a personalized schedule
- And more!

Don't forget to link your social media pages to network with fellow attendees

(LinkedIn, Twitter, Facebook and Google+)

The app is still being developed up until conference as we receive information continuously.
