## FGFOA E-Bulletin

### 2018 School of Governmental Finance App

#### #FLSOGF2018

The school app will help to simplify and organize your experience. The app will have everything you need at your fingertip, including:

- Access the schedule, speakers and other essential event information. You can customize the schedule by day, track, topic and speaker, and you can set sessions and events to your “favorites” for easy access.
- Personal reminder alerts that you can set so you never miss a session or event.
- Provided presentations and handouts under each session/speaker. No more redirecting to the website.
- Event updates through the app’s push notifications and instant content updates.
- The ability to write personal notes and access them at any time, including exporting them directly from the app to email, print, text message and more.
- An interactive map of the school floor plan.
- Rating feature that allows you to leave a star rating and a detailed review on sessions and speakers. You can choose to make your feedback anonymous by selecting “Review Anonymously.”
- The overall school survey, which you can complete directly on the app under “About & Feedback.”
- SOGF tweets with the Twitter feature (**don’t forget to use the school hashtag #FLSOGF2018**)
- And more!

Don’t have an iPhone or Android? Not a problem. Access the mobile web version of the app at [www.fgfoa.org](http://www.fgfoa.org) under “Resources” and select “Event Materials.”

*Note: The rating feature isn’t supported in the mobile web version. To leave feedback you must download the app to do so.*

If you already have Attendify downloaded, all you need to do is open the Attendify app and search for "2018 SOGF"

### Step 1: Download the App

Search for "Attendify App" in the Apple App Store or Google Play or download it on our website at [www.fgfoa.org](http://www.fgfoa.org) under "Resources" and select "Event Materials."

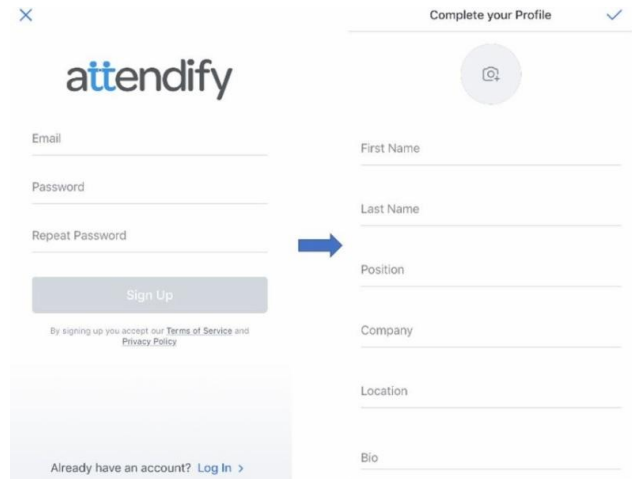

### Step 2: Sign Up and Create Your Profile

Follow the steps below:

1. Once in the app, enter your email, choose a password and click "sign up."

2. Add your profile information, and tap the check mark in the top right corner to save.

*Note: You then will be sent an email to confirm your email address for your account.*

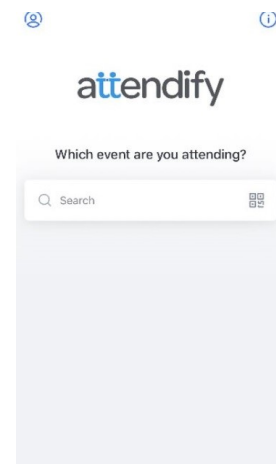

The image shows two screenshots from the Attendify app. The left screenshot is the 'Sign Up' screen, featuring the Attendify logo at the top, followed by input fields for 'Email', 'Password', and 'Repeat Password'. A 'Sign Up' button is centered below these fields. At the bottom, there is a link for 'Already have an account? Log In >'. The right screenshot is the 'Complete your Profile' screen, which has a checkmark in the top right corner. It features a circular profile picture placeholder at the top, followed by input fields for 'First Name', 'Last Name', 'Position', 'Company', 'Location', and 'Bio'. A blue arrow points from the 'Sign Up' button in the first screenshot to the 'Complete your Profile' screen in the second.

### Step 3: Join Event and Access Interactive Features

Search "2018 SOGF," select the event and choose to join.

Having a profile, you can:

- Send private messages to other user profiles.
- Share photos, post messages, comment and like posts.
- Rate speakers and sessions (we need your feedback!).
- Cross-post to other social networks (link in your profile).
- Take notes and access them later.
- Bookmark sessions, speakers, and attendees.
- Set scheduled reminders for sessions.
- Create your own personalized schedule.
- And more!

The image shows a screenshot of the Attendify app's event selection screen. At the top, it says 'Which event are you attending?'. Below this is a search bar with a magnifying glass icon and the word 'Search'. To the right of the search bar is a grid icon. The rest of the screen is a light gray area, likely representing a list of events that is currently blank or obscured.

Don't forget to link your social media pages to network with fellow attendees (LinkedIn, Twitter, Facebook and Google+)

The app is still being developed up until the school as we receive information continuously.
