

In the eighth year of Cherry Bekaert's annual Government Benchmarking Survey, we have revised the categories and questions to reflect the current and changing regulatory environment and include your feedback from last year. We look forward to sharing the statistics of your responses and presenting comparisons between and among the participating states and entity types. The survey will focus on counties, municipalities, schools, authorities and commissions in Maryland, District of Columbia, Virginia, North Carolina, South Carolina, Georgia, Florida and Texas; and will touch on a range of issues including:

- Bullet Workforce & Benefits
- Bullet Use of Technology
- Bullet Budget
- Bullet Financial Reporting
- Bullet Risk Assessment & the Audit Process
- Bullet Debt
- Bullet Data & Dollars

The survey should take approximately 15 minutes to complete. On the following page, you can request a detailed report of the anonymous, aggregated results of this survey. The results of the information gathered will allow government entities to compare their own performance and planning with those of similarly sized and located entities.

Please click on the link below where you will have the option to enter our prize drawing. Five (5) respondents who complete the survey will be randomly selected to receive a \$25 gift card from NatureBox!

Thank you for taking the time to participate. We look forward to sharing the results.
