What Former Mentors Are Saying

"The other day my mentee texted me. Just knowing that I hopefully made a difference in her life that she would think of me even when the program ended to reach out!"

"I really liked the scheduled speaker sessions and then the break-out time after. I always felt that was when we talked and engaged the most. I don't think I would change anything."

"The most beneficial part of the program is getting to connect with new people and make an impact."
