Constitutional Revision Commission:

Once every twenty years Florida's Constitution provides for the creation of a thirty-seven-member revision commission for the purpose of reviewing Florida's Constitution and proposing changes for voter consideration. The 2017-18 Constitution Revision Commission (CRC) has the possibility to affect the daily lives of Floridians and reshape the very way government operates. Learn more about the CRC process and how you can get involved.

Healthcare Reform Update/Wellness Initiatives in the Workplace:

Health insurance has once again become front and center on a National level. With a change in Administration and an ever evolving health care landscape, we are expecting to witness some of the more sweeping changes the system has seen since the implementation of the Affordable Care Act. Although these changes are in the early stages of concept, the industry has some idea about what could be expected. This session will provide a conceptual update on where healthcare for governmental employers may be heading and provide information on what governmental entities can do to decrease the overall cost impacts of healthcare through health promotion and health plan structures.

Learning Objectives:

- *Cover Proposed Changes for Voter Consideration*
- *Possible Effects of the Constitution Revision Commission*

- *Decrease Overall Cost Impacts of Healthcare*
- *Update on Healthcare for Governmental Employers*
