Still Accepting Applications for 2017-2018 FGFOA Committees

A message from Linda Howard, President-elect:

There is still time to sign up for the 2017-2018 committees, and we need you!

Committees are the **lifeline** of the FGFOA. A brief description of each committee is on the website. I am confident that one of the committees will mesh with your passion, interest, and/or expertise. Some of the committees do take a little more time than the others, but most of the hard work can be done right where you are.

Meetings are mostly held via telephone to limit travel expenses and just to be more efficient. As your President-Elect, I look forward to working with you next year.
