

**Florida Government Finance Officers Association
Advertising for Non-Related FGFOA Events Policy
08/01/2014**

The President can approve promoting (via email blasts) non-FGFOA events on a one on one basis that are provided by a well-known state agency, federal agency or a non-profit government related association as long as it is related to governmental finance. Examples of associations that would be in this category would be the Auditor General, Department of Financial Services, FICPA, GFOA, IRS, FLC, FAC, FLGC, etc).

If the agency or association is not well-known, the officers can approve or deny the request or, if necessary, seek the consensus of the Board.

For any opportunity with an agency or association that requires FGFOA “sponsorship, whether monetary or non-monetary, the Board must approve by majority vote.
