

Manager of Financial Planning & Budgets

Our vision is to be recognized as a world-class leader for providing and coordinating a full array of mobility and community services. LYNX mission is to link our community by providing quality mobility options with innovation, integrity and teamwork.

Description:

Under general direction, this position serves as a strategic business partner in development and monitoring of the organizational budget and fiscal planning. Work is performed combining financial forecasting with long-range organizational goals to project challenges and opportunities in order to secure structural balancing and financial sustainability. Considerable and significant professional judgment is required regarding effective allocation of resources, work-product reliability and data accuracy to support business strategy implementation and to promote organizational growth and success.

Required Qualifications:

Bachelor's Degree from a regionally or nationally accredited college or university in Accounting.

Five years of professional experience in accounting or budgeting.

Desired Qualifications:

A post-graduate degree in Accounting, Business or Public Administration.

Certified Public Accountant license.

Qualifying experience of eight years to include at least three years of supervisory experience and at least three years of budget development in a local government environment.
