

PERFORMANCE ANALYST – LEE COUNTY BOARD OF COUNTY COMMISSIONERS

THE POSITION

As part of the Performance Management and Analytics team within the County Manager's Office, this position will oversee the development of meaningful performance metrics, data collection systems and data reporting requirements. Additionally, the Analyst will develop a cost accounting methodology that enables operating units to better analyze costs of service delivery, share this intelligence with County Management, and utilize benchmarking comparisons. The Analyst will work with department leaders and staff to develop strategies and recommendations for the organization.
