

Section 9 – Dates to Remember

Overview

Finance Officers of counties, including constitutional officers, municipalities, and special districts have statutory and program requirements to complete a wide variety of daily, monthly, quarterly, and annual procedures and reports.

There are a multitude of professional organizations to provide guidance along with the Florida State Statutes and Florida Administrative Codes. A list of references and contact information is provided at the end of this section.

A general outline of procedures and reports, first by process and then by chronological order, is provided.

There are many different areas that are the responsibility of the Finance Officer such as Payroll, Accounts Payable, Cash Management and Investments, Fixed Assets, Project Management, Budget and Truth-in-Millage (TRIM), Insurance and Benefits, Personnel, and Risk Management. In addition, some treasurers are also Town/City Clerks which add additional reporting requirements.

PAYABLES TABLE			
PROCESS:			
Frequency	Description	Method of notification-Reporting/payment	Comments
Weekly/ Bi-weekly	Invoices received by Departments	Packing slips and receiving slips are matched to pre-numbered and tracked Purchase Orders and approved for payment by the Department Head. The invoices are coded for account to charge and forwarded to Accounts Payable or Staff member who processes invoices for payment.	When the Department Head approves payment for an Invoice he/she should refer to the latest Revenue & Expenditure Report to verify that there are sufficient funds to cover the payment.
	Invoices reviewed for compliance with the current Purchasing Manual.	The purchases are reviewed for compliance with requirements of laws and regulations, the governing body, and funding sources.	Every entity has individual requirements covering required Purchase Orders, approval limits of staff and Department Heads, Committees and Agency Heads. The estimated dollar value of the purchase usually defines when you are required to obtain three competitive purchase proposals or competitive sealed bids.
	Invoices to be paid are entered in the Accounts Payable System	Invoices are batched and totaled for payment in the system. Each invoice receives a pre-numbered voucher for ease in tracking. No payments are issued from a monthly statement and all invoices are reviewed for duplication.

Checks are forwarded to Management for signature	Two signatures are recommended whether manual or through a signature plate. The Invoice with all supporting document should be reviewed by Management prior to signing.	Any discrepancies are investigated and addressed prior to the signing of any checks.
