

2021 Legislative Session Update

The 2021 Legislative Session is in full swing!! Our Legislative Committee Chair, Stephen Timberlake, has created an overview to help you understand the issues and to see how FGFOA works with lobbyist from the Florida League of Cities to effect change in Tallahassee.

There are three weeks left in the 2021 Session. The session remains relatively quiet for an impact in our areas. SB50 is the first bill we are tracking that is ready for the Governor's consideration and approval. As a reminder, the final action on all legislation should occur, hopefully, on April 30th.

The most impactful bill to FGFOA members continues to be House Bill 1.

HB 1 Combating Public Disorder – This bill passed the House on 3/26/2021 and was received in the Senate and was referred to the Appropriations Committee and is pending in that committee. Based on the current status of the bill, any advocacy to promote changes should be focused on the Senate. It was heard and approved by the Senate Appropriations Committee on April 9th.

Update on bills of note previously reported:

HB 35 Legal Notices – This bill allows for a governmental agency to publish legally required advertisements on a website instead of newspaper. It has already passed the House and was received in the Senate and referred to the Appropriations Committee and continues to be pending in that committee. Its companion, SB 402, is moving in Committee, and is scheduled for a hearing April 13th in the Senate Appropriations Subcommittee on Criminal and Civil Justice.

SB 84 Retirement – This bill provides for compulsory membership in the Florida Retirement System (FRS) Investment Plan for new employees. Governmental entities participating in the

FRS should pay close attention to this bill. It passed the Senate on April 8th, and is in messages in the House.

SB 50 Taxation – This bill requires that “out-of-state retailers and marketplace providers with no physical presence in Florida (i.e., online sales) to collect Florida’s sales tax on sales of taxable items delivered to purchasers in Florida if the out-of-state retailer or marketplace provider makes a substantial number of sales into Florida.” (Florida Senate Analysis of SB 50, March 8, 2021) This bill would include both state and local sales taxes. It is projected to increase local government revenue by more than \$229 million annually. SB 50 passed out of the Senate. The House companion bill was laid on the table and was replaced by the SB 50. The SB was passed by the House of Representatives on April 8th. This bill is ready for the Governor’s consideration and approval. Governor DeSantis is expected to sign this bill.

SB 1924 Emergency Management Powers of Political Subdivisions – This bill is still in committee. It was scheduled to be heard by the Senate Rules Committee on April 6th, but was postponed.

HB 337 Impact Fees – This bill would add layers to how Impact Fees can be collected and increased. The bill is still in committee.

This is just a sampling of the bills currently under consideration that may have an impact of FGFOA members.

To keep informed, the committee recommends you subscribe to email blasts sent by The Florida League of Cities, the Florida Association of Counties, and the Florida Court Clerks & Comptrollers.
