Presenter: Marc Grace, CPA, Partner, Keefe McCullough

Overview:

Failures in internal controls have led to financial statement fraud, misappropriation of assets, and intentional misuse of funds. This webinar will provide guidance in designing and implementing internal controls by identifying common fraud schemes, red flags, and methods to safeguard your organization. With internal control issues and misuse of assets always being in the public's eye, governmental entities should be well versed in this hot topic.

Learning Objectives:

1. Identify the functions and limitations of internal control.
2. Identify common schemes and fraud symptoms.
3. Simple techniques to prevent and detect fraud.

CPE Reporting Verification: Your participation will be recorded through the webinar software. You must be present and signed in the entire 100 minutes to receive credit. The FGFOA will receive a verification report after the webinar and will prepare the CPE certificates. You should receive your certificate via email in approximately 30 days.

This program being offered free of charge.
